AENCO Ecosystem

Global Healthtech Blockchain Financial Solutions

- Blockchain: To revolutionise your research and businesses activities?
- To address challenges to existing blockchains?
- To grow ecosystems around your business?
- To digitize financial solutions under our blockchain platform?
- To develop applications supporting a wide range of research and business activities?
- To become the #1 blockchain platform supporting the above under one “end-to-end” umbrella?

Blockchain- Targeted Sector Applications

1	Financial Transactions
2	Tokenised Funds
3	Research Exchange
4	Medical Services
5	Pharmaceutical Drug Development
6	Real Estate
7	Over-the-Counter (OTC) Products

Common Challenges To Healthtech Innovation

1

Lack of robust financing ecosystem

2

Lack of collaborative ecosystem for researchers

3

Constant pressing need for medical advancement

Example of Shortfall in Expected Research Funding vs. unmet medical need

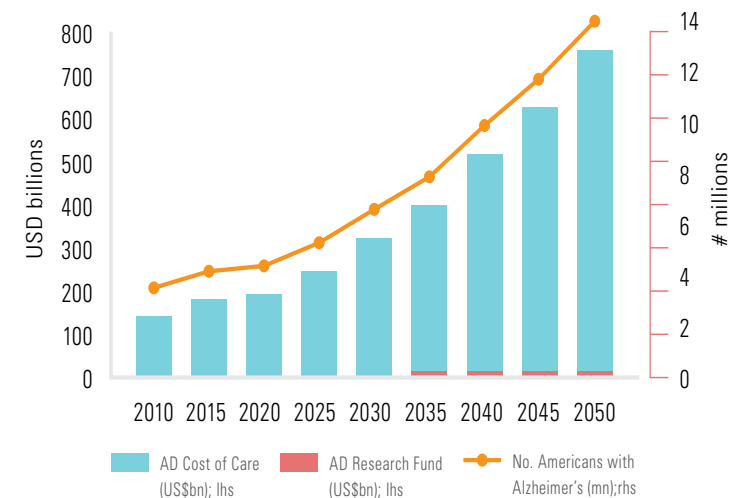

Exhibit 1
Alzheimer's Disease ("AD")
Cost of Care versus Research Funding 2010 – 2050

Current Challenges to Blockchain Development

1	Scalability	▶▶▶	Blockchains can collapse under their own success!
2	Limited User Participation	▶▶▶	User experience can be confusing reducing participation
3	Single Controlled Entry Point	▶▶▶	Closure of one application can trap your assets in the blockchain with no alternative gateway to access them
4	Isolated Smart Contract Execution	▶▶▶	Running of code sandboxed and contained
5	Immutable Forever	▶▶▶	Ledger is never cleaned! Leading to data-clogging and demise
6	Data Sharing vs. Data Security	▶▶▶	How do we encourage collaboration while maintaining privacy and security?
7	Allow Public Mining on Permissioned Chain	▶▶▶	Requiring public computing power but enabling only allowed entities to transact

aenco

Aenco: Creating a healthtech ledger ecosystem to address all these challenges in one blockchain!

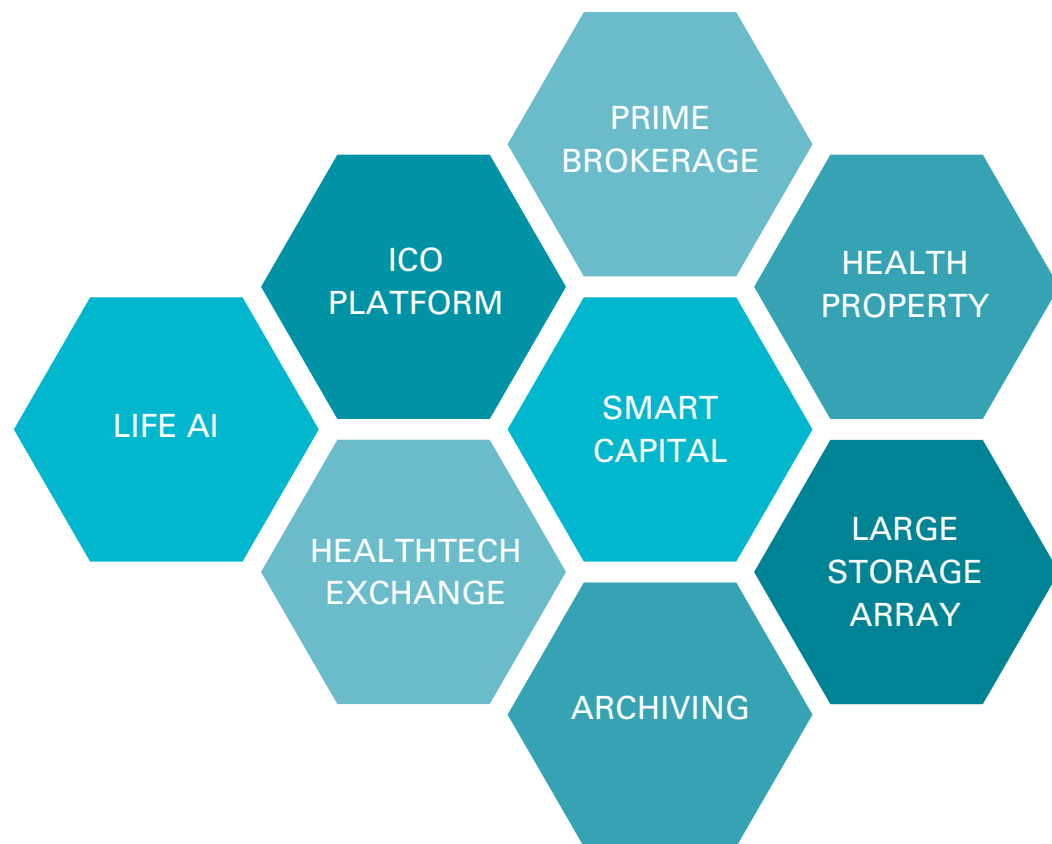

Key Features the Aenco Blockchain!

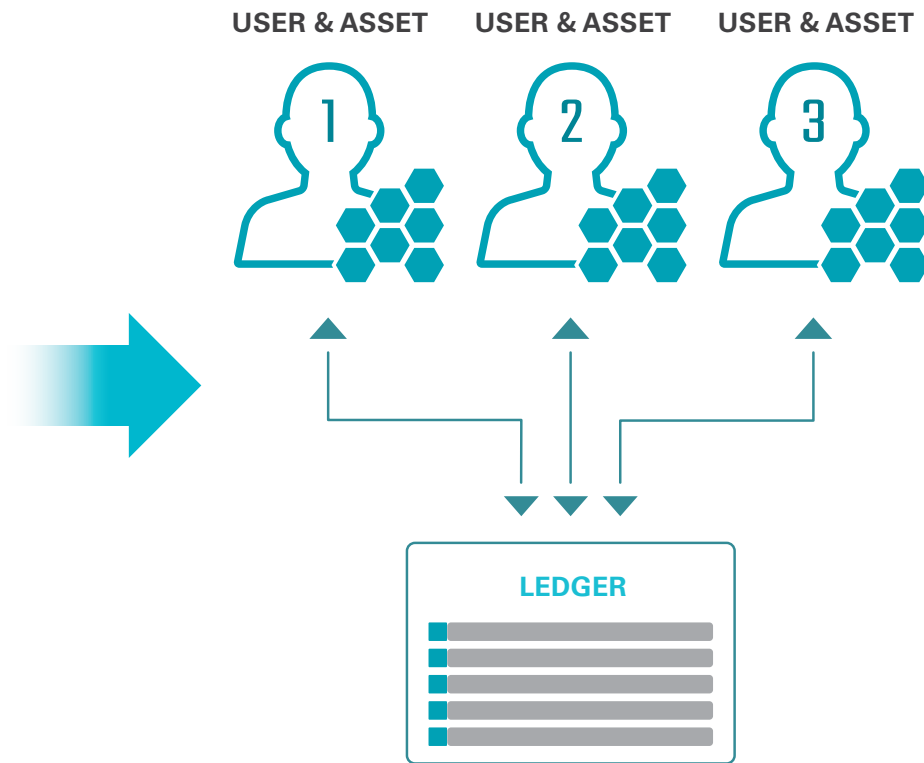

The Aenco Blockchain - Expanding use Cases!

TOKEN & SMART MODULES

AUTHENTICATION LAYER

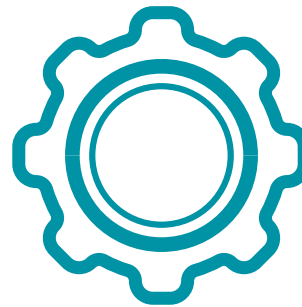

One Core Use Case: The Aenco HealthTech Financial Solutions Platform

HOW IT WORKS?

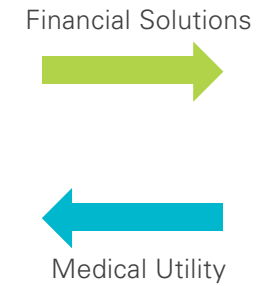

GLOBAL COMMUNITY

Platform solutions and rewards

AENCO HEALTHTECH FINANCIAL SOLUTIONS

IB Solutions
Prime Solutions
SmartCap Solutions

HEALTHTECH PARTNERS

Medical Utility in:
Therapeutics | Infrastructure | Medical Data

Sample Applications in the Pipeline

1. AEN CONNECT

Smart Wallet - Mining, Staking, Access to all Aenco services

2. AENX

Crypto Exchange

3. AEN ICO Platform

Launcher

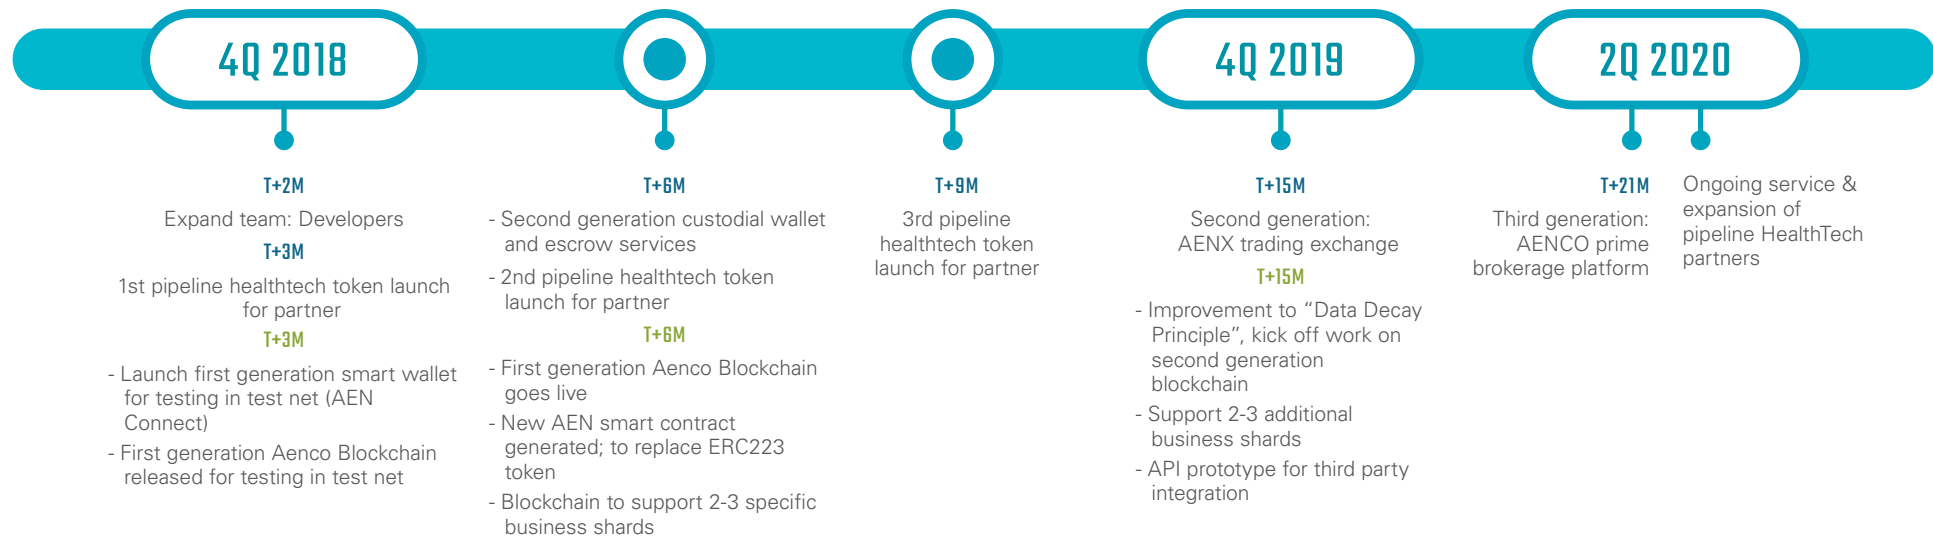

4. PRIME

Aenco Collateralised Token Lending Platform

Our Roadmap Forward

IAN HUEN

Co-Founder

- Medical innovations incubator, investor, and financier.
- Co-Founder of Aptorum Group, medical innovations group.
- Former healthcare analyst
- Trustee board of Dr. Stanley Ho Medical Development Foundation.

DARREN LUI

Co-Founder

- Co-Founder of Aptorum Group, medical innovations group.
- Co-Founder of Aeneas Group, HK based regulated asset manager and prime broker.
- Former bulge bracket investment banker and prime broker.
- Qualified Chartered Accountant

GEOFFREY TIPTON

Chief Technology Officer

- I.T. product and software development veteran in Asia.
- Blockchain application and digital asset enthusiast.
- Control Engineering and Robotics specialist.
- Former a Paramedic in the British Armed Forces.

KENRICK H. FOK

Chief Financial Officer

CHARLES LAU

Managing Director

ALLY CHEUNG

Head of Community Management

ISSAC CHEUNG

Full Stack Developer

DAVID CAREY

Senior Cloud Engineer

MICHELLE AU

Creative Specialist

AARON REGALA

Business Analyst

PROFESSOR DOUGLAS W. ARNER

Senior Regulatory and Strategic Advisor
